Series 901

Wedge-shaped table with post with disc foot, sideboard.

Construction with a tubular-steel cross-member positioned parallel to the back edge with welded-on brackets. Table top of melamine-resin, veneered or linoleum-covered chipboard with plastic or wooden edges. The corners are either square or rounded. Optional sliding top.

Electrification (optional) is provided 1.) by means of push-on plastic cable clips or 2.) by a fabric trough which is hinged on both sides.

Cable outlets (optional) are achieved 1.) through a maximum of 4 metal outlets or 2.) by means of an E-Box for power and data connections, in each case on the left, in the middle and on the right.

Supporting element (refer to table for position) consists of a post of powder-coated steel with disc foot (stainless-steel cover) and a docking position for a sideboard. Optional step height adjustment of the post.

The following material groups are available to choose from: Frame made of steel tube: M2; Top made of chipboard with plastic/beech edge: L6; Top made of linoleum: L8; Top veneered: F1.
