## Series 901 Supporting sideboards (large).

Construction of an glued body out of of melamine-resin-coated chipboard. Sideboards for fixed table heights or continuously adjustable in height by means of a winding handle.

Front and body of melamine-resin laminated or veneered chipboard and metal bow handles.

Drawers with central locking. Drawers with either single or over-extension, 6.5 HU (height units) drawers always with over-extension.

Technical compartment (1-part) with folding/sliding door at the front. When heat-producing equipment is used, the sideboard must be fitted with a perforated-metal back for ventilation purposes. The two table posts integrated in the body minimise the storage space of the technical compartment.

Electrification (optional) at the rear with fold-down perforated-metal back (see above). Cable outlet through holes with metal inserts.

The following material groups are available to choose from: Body made of chipboard: L3; Front made of chipboard: L3.
